PICK YOUR LINE

Trails by skill level

BEGINNER

First laps and family rides. Start at the main entrance (67th & Elwood) with restrooms, pavilions and climbing boulders. River Parks names Skyline Jumps and Bomb Cellar as beginner areas; Stay Gold Loop is the 3-mile green rated 4.4 on Trailforks.

INTERMEDIATE

Flow, roots and rock gardens. 34 of 87 mapped segments are blue. Soda Pop, about a mile, is the crowd favorite. The Cold Turkey XC loop is 3.6 miles; the enduro covers about 14 miles with transfers.

ADVANCED

Rock Yard and downhill-only lines. The Rock Yard Bike Park: 3 acres, six trails dropping 80–90 feet through jumps, bridges, wall rides and drops, bikes only, closed when wet. Zingo (downhill-only) rates 5.0 and WildCat (black) 4.8 on Trailforks. Nine downhill-only trails run seasonally.

HIKERS & RUNNERS

Ponds, the 919-foot summit and the Sanctuary. About 30 marked trails from a quarter mile to three miles. The Sanctuary added 90 acres and six miles of trail in July 2025 off the upper lot, with a treehouse-style lookout. River Parks' audio walking tour is on Spotify.

PAVED

The River Parks connection. The West Bank trail runs from 11th Street and Southwest Boulevard south to 71st Street and Turkey Mountain with marked lanes, lit until the 11 PM curfew; River Parks counts 26+ miles of asphalt trail on both banks. The climb into the Turkey Mountain lot is steep.
